SPEND SOME TIME IN

OBAN & THE ISLES

FRIDAY

You will meet the Alexander Adventure Team in Oban at 12.30 pm.

Following introductions, we will then head out to a sheltered location for sea kayaking and expedition skills lead by our expert team. Tonight we will be wild camping, stargazing, and feasting around the campfire on a remote island off the West Coast of Scotland.

SATURDAY

Wake up to a full Scottish breakfast and be ready for a full day of paddling and wildlife spotting. Today we will explore the islands, hidden coves, and stunning beaches of Oban and hopefully even taking in some of the Scottish sun!

After an exciting day on the water, we will head back to the base to catch a glimpse of the amazing sunset. Relax around the fire and enjoy some food and drinks before bedtime.

SUNDAY

After another hearty breakfast, there's just about time for one last paddle around this stunning section of coastline before saying our farewells and setting off home.
