SPEND SOME TIME IN

GLENCOE

Welcome to Scotland! From seas to lochs, calm to fast-flowing waters, mountains, and beaches...Scotland's West Coast offers some of the most scenic coastlines in the world with perfect conditions and a wilderness environment perfect for an adventure.

FRIDAY

Welcome! After introductions from the team and guests, we will set off for a morning departure at around 9 or 10am from Newcastle to Scotland! Take in some stunning scenery as we drive up to the Scottish Highlands passing through towns and villages before arriving in the Glencoe Valley at around 3pm (depending on traffic).

We will set up a base at The Red Squirrel Campsite in Glencoe. We will then hopefully enjoy a very relaxed activity depending on weather conditions such as a wild swim or paddleboarding.

SPEND SOME TIME IN

GLENCOE

SATURDAY

Wake up to a full Scottish breakfast before we head up the mighty Ben Nevis! Wild stags can be seen running around in the glens so keep your eyes peeled to try to spot one. After a day's trekking we will return to camp to relax around the campfire enjoying good food and company under the clear night skies.

SUNDAY

After another hearty breakfast, today we will be exploring the breath-taking local lochs and coastline by Paddleboard & Kayak. With its unbeatable scenery this area has got to be one of the best places to paddle in the country, if not the world! We will also take to the water for some supported wild water swimming. After enjoying some stunning scenery and local wildlife we will head back to camp and in the evening we will be dining at the Clachaig Inn. This legendary Inn is known as the heart of Scottish mountaineering and has been serving explorers in the Scottish Glens for over 150 years.

MONDAY

Breakfast is served! This morning we will be hiking along a portion of the iconic West Highland Way, one of the world's most famous walking trails! After a spot of lunch we will depart for home taking with us some fantastic memories and new friendships.

*The daily schedule of activities is subject to change and is also dependent on weather conditions. Your leaders may adapt the schedule to suit the conditions.
